

GLENN HEGAR TEXAS COMPTROLLER OF PUBLIC ACCOUNTS

P.O.Box 13528 • Austin, TX 78711-3528

September 23, 2015

Johnny Johnson
Superintendent
Kenedy County Wide Common School District
PO Box 100
Sarita, TX 78385

Dear Superintendent Johnson:

On June 26, 2014, the Comptroller issued written notice that Stella Wind Farm II, LLC (the applicant) submitted a completed application (Application #1054) for a limitation on appraised value under the provisions of Tax Code Chapter 313¹. This application was originally submitted on December 10, 2014, to the Kenedy County-Wide Common School District (the school district) by the applicant.

This presents the results of the Comptroller's review of the application and determinations required:

- 1) under Section 313.025(h) to determine if the property meets the requirements of Section 313.024 for eligibility for a limitation on appraised value under Chapter 313, Subchapter C; and
- 2) under Section 313.025(d), to issue a certificate for a limitation on appraised value of the property and provide the certificate to the governing body of the school district or provide the governing body a written explanation of the comptroller's decision not to issue a certificate, using the criteria set out in Section 313.026.

Determination required by 313.025(h)

Sec. 313.024(a)	Applicant is subject to tax imposed by Chapter 171.
Sec. 313.024(b)	Applicant is proposing to use the property for an eligible project.
Sec. 313.024(d)	Applicant has requested a waiver to create the required number of new qualifying jobs and pay all jobs created that are not qualifying jobs a wage that exceeds the county average weekly wage for all jobs in the county where the jobs are located.
Sec. 313.024(d-2)	Not applicable to Application #1053.

Based on the information provided by the applicant, the Comptroller has determined that the property meets the requirements of Section 313.024 for eligibility for a limitation on appraised value under Chapter 313, Subchapter C.

¹ All statutory references are to the Texas Tax Code, unless otherwise noted.

Certificate decision required by 313.025(d)

Determination required by 313.026(c)(1)

The Comptroller has determined that the project proposed by the applicant is reasonably likely to generate tax revenue in an amount sufficient to offset the school district maintenance and operations ad valorem tax revenue lost as a result of the agreement before the 25th anniversary of the beginning of the limitation period. See Attachment B.

Determination required by 313.026(c)(2)

The Comptroller has determined that the limitation on appraised value is a determining factor in the applicant's decision to invest capital and construct the project in this state. See Attachment C.

Based on these determinations, the Comptroller issues a certificate for a limitation on appraised value. This certificate is contingent on the school district's receipt and acceptance of the Texas Education Agency's determination per 313.025(b-1).

The Comptroller's review of the application assumes the accuracy and completeness of the statements in the application. If the application is approved by the school district, the applicant shall perform according to the provisions of the Texas Economic Development Act Agreement (Form 50-286) executed with the school district. The school district shall comply with and enforce the stipulations, provisions, terms, and conditions of the agreement, applicable Texas Administrative Code and Chapter 313, per TAC 9.1054(i)(3).

This certificate is no longer valid if the application is modified, the information presented in the application changes, or the limitation agreement does not conform to the application. Additionally, this certificate is contingent on the school district approving and executing the agreement within a year from the date of this letter.

Note that any building or improvement existing as of the application review start date of June 26, 2014, or any tangible personal property placed in service prior to that date may not become "Qualified Property" as defined by 313.021(2) and the Texas Administrative Code.

Should you have any questions, please contact Korry Castillo, Director, Data Analysis & Transparency, by email at korry.castillo@cpa.texas.gov or by phone at 1-800-531-5441, ext. 3-3806, or direct in Austin at 512-463-3806.

Sincerely,

Mike Reissig
Deputy Comptroller

Enclosure

cc: Korry Castillo

Attachment A – Economic Impact Analysis

This following tables summarizes the Comptroller’s economic impact analysis of Stella Wind Farm II, LLC (the project) applying to Kenedy County-Wide Common School District (the district), as required by Tax Code, 313.026 and Texas Administrative Code 9.1055(d)(2).

Table 1 is a summary of investment, employment and tax impact of Stella Wind Farm II, LLC

Applicant	Stella Wind Farm II, LLC
Tax Code, 313.024 Eligibility Category	Renewable Energy Electric Generation
School District	Kenedy County-Wide CSD
2011-12 Enrollment in School District	78
County	Kenedy
Proposed Total Investment in District	\$275,675,150
Proposed Qualified Investment	\$275,675,150
Limitation Amount	\$30,000,000
Number of new qualifying jobs committed to by applicant	5*
Number of new non-qualifying jobs estimated by applicant	0
Average weekly wage of qualifying jobs committed to by applicant	\$1,126
Minimum weekly wage required for each qualifying job by Tax Code, 313.021(5)(B)	\$1,046
Minimum annual wage committed to by applicant for qualified jobs	\$58,565
Minimum weekly wage required for non-qualifying jobs	\$1,046
Minimum annual wage required for non-qualifying jobs	\$54,704
Investment per Qualifying Job	\$55,135,030
Estimated M&O levy without any limit (15 years)	\$25,758,000
Estimated M&O levy with Limitation (15 years)	\$9,381,000
Estimated gross M&O tax benefit (15 years)	\$16,377,000
* Applicant is requesting district to waive requirement to create minimum number of qualifying jobs pursuant to Tax Code, 313.025 (f-1).	

Table 2 is the estimated statewide economic impact of Stella Wind Farm II, LLC (modeled).

Attachment B – Tax Revenue over 25 Years

This represents the Comptroller's determination that Stella Wind Farm (project) is reasonably likely to generate, before the 25th anniversary of the beginning of the limitation period, tax revenue in an amount sufficient to offset the school district maintenance and operations ad valorem tax revenue lost as a result of the agreement. This evaluation is based on an analysis of the estimated M&O portion of the school district property tax levy directly related to this project, using estimated taxable values provided in the application.

	Tax Year	Estimated ISD M&O Tax Levy Generated (Annual)	Estimated ISD M&O Tax Levy Generated (Cumulative)	Estimated ISD M&O Tax Levy Loss as Result of Agreement (Annual)	Estimated ISD M&O Tax Levy Loss as Result of Agreement (Cumulative)

	2041	\$667,800	\$16,631,400	\$0	\$16,377,000
		\$16,631,400	is greater than	\$16,377,000	

Analysis Summary				
Is the project reasonably likely to generate school M & O tax revenue in an amount sufficient to offset the school M&O levy loss as a result of the limitation agreement within a 25 year period?				
Yes				

NOTE: The analysis above only takes into account this project's estimated impact on the M&O portion of the school district property tax levy directly related to this project.

Source: CPA, STELLA WIND FARM

Disclaimer: This examination is based on information from the application submitted to the school district and forwarded to the comptroller. It is intended to meet the statutory requirement of Chapter 313 of the Tax Code and is not intended for any other purpose.

Attachment C – Limitation as a Determining Factor

Tax Code 313.026 states that the Comptroller may not issue a certificate for a limitation on appraised value under this chapter for property described in an application unless the comptroller determines that “the limitation on appraised value is a determining factor in the applicant's decision to invest capital and construct the project in this state.” This represents the basis for the Comptroller’s determination.

Methodology

Texas Administrative Code 9.1055(d) states the Comptroller shall review any information available to the Comptroller including:

- the application, including the responses to the questions in Section 8 (Limitation as a Determining Factor);
- public documents or statements by the applicant concerning business operations or site location issues or in which the applicant is a subject;
- statements by officials of the applicant, public documents or statements by governmental or industry officials concerning business operations or site location issues;
- existing investment and operations at or near the site or in the state that may impact the proposed project;
- announced real estate transactions, utility records, permit requests, industry publications or other sources that may provide information helpful in making the determination; and
- market information, raw materials or other production inputs, availability, existing facility locations, committed incentives, infrastructure issues, utility issues, location of buyers, nature of market, supply chains, other known sites under consideration.

Determination

The Comptroller has determined that the limitation on appraised value is a determining factor in the Stella Wind Farm, LLC decision to invest capital and construct the project in this state. This is based on information available, including information provided by the applicant. Specifically, the comptroller notes the following:

**Note: This project was originally submitted to the Comptroller on November 22, 2013 and assigned application number 388. A completeness letter from the Comptroller was issued December 17, 2013 with a favorable recommendation following on March 17, 2014. After one approved extension and a request by the applicant for another the District inadvertently failed to include action on their board meeting agenda. The no action to the additional extension deadline before the expiration of the first left the application void. The application was re-submitted as two applications.*

- According to the company Texas, Oklahoma, Indiana and Illinois are being considered for this project.
- Per the company, it has received tax incentives on several projects which are considered favorable in the analysis of the investment.
